The PH of the sand is very alkaline here (carbonate from sea shells) and only the hardiest plants such as lyme grass and sand couch colonise. The first dunes to form are known as embryo dunes. They contain species such as lyme grass, sand couch and marram grass. These species survive by growing upwards through accumulating wind-blown sand.

About Geography (9696): The Geography syllabus builds upon skills gained at Cambridge IGCSE (or equivalent) level study. Learners widen their knowledge and understanding of the subject, while developing their investigative abilities and their evaluation and decision-making skills. The syllabus is wide-ranging and comprises a variety of options.

The Best Geography AS and A Level Notes

The Demographic Transition Model (DTM) Levels: AS, A Level. Exam boards: AQA, Edexcel, OCR, IB. The DTM is a model of population change from a low stable population to a high stable population as a result of a preliminary fall in the death rate from a high level (45/1000 p.a. to around 9/1000 p.a.) to be followed later by a fall in the birth rate. The time-lag between the decline in the two measures of natural population change results in a period when there are far fewer people dying than ...

The Demographic Transition Model (DTM) | Geography | tutor2u

A level | Geography Education Online

This GCSE Geography sector covers The Demographic Transition Model (DMT), which shows how birth and death rates change as a country goes through different stages of development.

Demographic Transition Model - Geography Revision

Dramatically increased resource consumption through exploiting the natural environment, leading to problems like deforestation, water pollution, global warming and biodiversity loss. Exploited workers, especially in emerging countries, who suffer low wages, dangerous working conditions and lack any form of union representation.

DT These highly successful revision guides have been brought right up-to-date for the new A Level specifications introduced in September 2000. DT Oxford Revision Guides are highly

effective for both individual revision and classroom summary work. The unique visual format makes the key concepts and processes, and the links between them, easier to memorize. DT Students will save valuable revision time by using these notes instead of condensing their own. DT In fact, many students are choosing to buy their own copies so that they can colour code or highlight them as they might do with their own revision notes.

Expert authors have taken the content of the AS and A Level specifications and presented them in a refreshingly clear and concise format. Simple illustrations are used to present information in a particularly clear and memorable way, and all content is broken down into short one-page sections.
