TF-Works BMW E30 K-Swap Kit - Phase 2

1JZ and 2JZ swap kit for E30 BMW. Designed, built, and tested in the USA, this kit is designed to harness the power of the JZ series engine in your project car. The superior strength, reliability, simplicity, and sound of the JZ engine is why it is our favored powerplant for all cars. Our kits are designed to sit the engine as low and far back as possible to allow for ample clearance for the front of the engine and under the hood.

Farm is a custom fabrication company in Australia that also performs engine swaps. Their own BMW E30 is powered by a turbocharged 4G63 inline-four that's seen everything upgraded except the block. The engine currently runs a BorgWarner EFR 7670 turbocharger but will eventually be replaced by a 7064 turbocharger.

for this swap. You can also use the E30 transmissions (Getrag 240 or 260, both 5-speed) or any E36 transmission (Getrag 250 5-speed, ZF 320 5-speed, Euro 6-speed). You can use an E46 M3 6-speed transmission as well. What you use as a transmission will determine which driveshaft and differential ratio you can use.

E30 DOHC Swap Basics - M50, M52, M52 and S50 □ Garagistic  
BMW E30 Engine Swaps. The M10 and M20 engines are designed around some old technology and the M42 engine is hampered by a small displacement. Turbocharging is not a valid option in some states (such as California). That leaves one option for increasing the horsepower of the E30: an engine swap.

Customs

E30 Engine Swaps Brintech has developed a full range of engine swaps using later model 6 cylinder BMW engines. Many will argue that the song of a finely tuned straight 6 BMW engine is one of the sweetest sounds you'll ever hear. Our M54 and S54 engine packages have given the E30 what it needs to become the ultimate driving machine.
