and Computer Review Manual.

This is the official reference material used in the FE exam room. Review it prior to exam day and familiarize yourself with the charts, formulas, tables, and other reference information provided. Note that personal copies will not be allowed in the exam room. New copies will be supplied at the exam site.

The FE exam, the first in the two-part engineering licensing process, is taken typically by upper-level students or recent graduates in April or October. This eight-hour exam is closed-book except for a handout provided in the examination room. The exam is divided into morning and afternoon sessions. The morning exam, with 120 multiple-choice problems, is the same for everyone. In the afternoon, examinees must choose to take a discipline-specific (DS) or a general exam, each with 60 multiple-choice problems. The Discipline-Specific Reviews are used to study for the afternoon DS exams.

This highly effective study guide offers 100% coverage of every subject on the FE Civil exam. This self-study resource contains all of the information you need to prepare for and pass the challenging FE Civil exam on the first try. The book features clear explanations of every topic on the exam as well as hands-on exam strategies and accurate practice problems with fully worked solutions. Organized to follow the order of the official exam syllabus, the book includes
