I exited, and carried out a manual tune, scanned in the suggested frequency, and 'Brit Shorts' and other channels became available. I saved them, and checked the quality and signal, both at 90%. Tried the Freesat scan again, with 5 different (and correct!) postcodes, and again, the dreaded 'invalid postcode' message.

Freesat

To get Freesat in more than one room, you'll need a Freesat box or TV with Freesat built in for each room you want to receive Freesat in, attached to a single satellite dish.

Depending on the age of your dish, in order to support more than one box, your LNB (the protruding antenna of the dish) may need to be upgraded to support multiple cables.
