The New York Times reviews A Promised Land by Barack Obama. "Barack Obama's new memoir A Promised Land is unlike any other presidential autobiography from the past — or, likely, future. Yes, it provides a historical account of his time in office and explicates the policy objectives of his administration, from health care to economic recovery to climate change.

Thrumpton Hall: A Memoir of Life in My Father's House is a work published in 2007 by Miranda Seymour . The book describes, from the perspective of his alienated daughter, the life and times of the little-known George FitzRoy Seymour (1923–1994), proprietor of a declining English country estate (Thrumpton Hall) in Nottinghamshire, and a self-absorbed husband and father with aristocratic pretensions (he is distantly related to one of the many illegitimate offspring of Charles II).

She was a beautiful blond child, a quintessential Canadian teenager: she loved Saturday film matinees, giggled at pyjama parties, ran for student president, led the cheerleading squad, went steady with the right boy and married him, her proud father at her side. But from the age of seven Sylvia Fraser shared her body with a 'twin' who lived a separate life from her. This other self was created to do the things Sylvia was too frightened, too ashamed, too repelled to do - the things her father made her do. As an adult, she had no recollection of a sexual relationship with her father, yet some connection always remained - pain, terror and guilt were never far from the surface. With tremendous power, candour and eloquence, Sylvia Fraser breaks through her amnesia to discover and embrace the self she left behind. MY FATHERS HOUSE is at once a terrible account of a woman's coming of age and a lyric story of love and forgiveness.

A historian's personal journey into the complex questions of immigration, home and nation From Ireland to London in the 1950s, Derry in the Troubles to contemporary, de-industrialised Manchester, Joyce finds the ties of place, family and the past are difficult to break. Why do certain places continue to haunt us? What does it mean to be British after the suffering of Empire and of war? How do we make our home in a hypermobile world without remembering our pasts? Patrick Joyce's parents moved from Ireland in the 1930s and made their home in west London. But they never really left the homeland. And so as he grew up among the streets of Paddington and Notting Hill and when he visited his family in Ireland he felt a tension between the notions of home, nation and belonging. Going to My Father's House charts the historian's attempt to make sense of these ties and to see how they manifest in a globalised world. He explores the places - the house, the street, the walls and the street - that formed his own identity. He asks what place the ideas of history, heritage and nostalgia have in creating a sense of our selves. He concludes with a plea for a history that holds the past to account but also allows for dynamic, inclusive change.

From Steven V. Roberts comes My Fathers' Houses, a memoir of growing up in Bayonne, New Jersey, an immigrant community in the shadow of the Statue if Liberty, and the story of how his father and his grandfather's dreams—and their own passion for writing and ideas—influenced Steven's future, and inspired him to seek his fortune in New York City, the media capital of the world. This is a story of a town and a time and a boy who grew up there, a boy who became a New York Times correspondent, TV and radio personality, and best-selling author. The town was Bayonne, New Jersey, a European village so close to New York that Steve could see the Statue of Liberty from his bedroom window. The time was the forties and fifties, when children of immigrants were striving to become American and find a place in a booming post-war world. The core of Steve's world was one block, where he lived in a house his grandfather, Harry Schanbam, had built with his own hands. But the story starts back in Russia, where the family business of writing and ideas began. Steve's other grandfather, Abraham Rogowsky, stole money to become a Zionist pioneer in Palestine before moving to America. The tale continues through the Depression, when Steve's parents lived one block apart in Bayonne, wrote letters to each other and married in secret. During the war years, Steve's father wrote children's books and based one of his best sellers on outings he took with his twin sons to the local train station. As his byline, he used his boys' middle names—Jeffrey Victor—so Steve got his first writing credit before he was two. The story concludes with the boy leaving Bayonne, going on to Harvard, meeting the Catholic girl who became his wife, and starting work at the New York Times—across the river, and worlds away, from where he began. Now a grandfather of five, Steve Roberts looks in the mirror and sees his own father and grandfather looking back at him—a family chain that started in 19th century Russia and thrives today in 21st century America.

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World). "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for Dreams from My Father "Beautifully crafted . . . moving and candid. . . This book belongs on the shelf beside works like James McBride's The Color of Water and Gregory Howard Williams's Life on the Color Line as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—The New York Times Book Review "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of There Are No Children Here "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of In My Place "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman

NEW YORK TIMES BESTSELLER • Senator John McCain's deeply moving memoir is the story of three generations of warriors and the ways that sons are shaped and enriched by their fathers. John McCain's grandfather, a four-star admiral and one of the navy's greatest commanders, led the strongest aircraft carrier force of the Third Fleet during World War II. McCain's father, also a four-star admiral, served as commander of all U.S. forces in the Pacific during the Vietnam War. It was in Vietnam that John McCain III faced the most difficult challenge of his life. A naval aviator, he was shot down over Hanoi in 1967. Recognized as the son of a top commander, McCain was tortured and imprisoned for five and a half years. Despite this, he refused Vietnamese offers of an early release. What McCain learned from his grandfather and father enabled him to survive those hard years. A testament to the power of human endurance, Faith of My Fathers is the story of three men who fought for their country with courage and emerged with their honor intact. Praise for Faith of My Fathers "A thoughtful first-person take on survival, both physical and psychological . . . hard to top and impossible to read without being moved."—USA Today "A candid, moving, and entertaining memoir . . . impressive and inspiring, the story of a man touched and molded by fire who loved and served his country in a time of great trouble, suffering, and challenge."—Kirkus Reviews "A serious, utterly gripping account of faith, fathers, and the military."—Publishers Weekly (starred review) "Faith of My Fathers may also appeal to those who locked to Saving Private Ryan and kept Brokaw's The Greatest Generation near the top of the bestseller lists."—Library Journal "Faith of My Fathers is the powerful story of a war hero. In it we learn much of what matters most. As prisoner (and later Senator) McCain instructs us: Glory is not an end in itself, but rather a reward for valor and faith. And the greatest freedom and human fulfillment comes from engaging in a noble enterprise larger than oneself. Faith of My Fathers teaches deep truths that are valid in any age but that warrant special attention in our own."—William J. Bennett

PART MEMOIR AND PART ELEGY, READING MY FATHER IS THE STORY OF A DAUGHTER COMING TO KNOW HER FATHER AT LAST— A GIANT AMONG TWENTIETH-CENTURY AMERICAN NOVELISTS AND A MAN WHOSE DEVASTATING DEPRESSION DARKENED THE FAMILY LANDSCAPE. In Reading My Father, William Styron's youngest child explores the life of a fascinating and difficult man whose own memoir, Darkness Visible, so searingly chronicled his battle with major depression. Alexandra Styron's parents—the Pulitzer Prize-winning author of Sophie's Choice and his political activist wife, Rose—were, for half a century, leading players on the world's cultural stage. Alexandra was raised under both the halo of her father's brilliance and the long shadow of his troubled mind. A drinker, a carouser, and above all "a high priest at the altar of fiction," Styron helped define the concept of The Big Male Writer that gave so much of twentieth-century American fiction a muscular, glamorous aura. In constant pursuit of The Great Novel, he and his work were the dominant force in his family's life, his turbulent moods the weather in their ecosystem. From Styron's Tidewater, Virginia, youth and precocious literary debut to the triumphs of his best-known books and on through his spiral into depression, Reading My Father portrays the epic sweep of an American artist's life, offering a ringside seat on a great literary generation's friendships and their dramas. It is also a tale of filial love, beautifully written, with humor, compassion, and grace.

"Solomon, daughter of Rulon Clark Allred, was twenty-eighth of forty-eight children born to her father's seven plural wives. She recounts growing up in a family often split up, living on the run or in hiding. Choosing monogamy for herself, she struggles t

A man mourning his alcoholic father faces a paradox: to pay tribute, lay scorn upon, or pour a drink. A wrenching, dazzling, revelatory debut Weaving between the preparations for his father's funeral and memories of life on both sides of the U.S.–Mexico border, Obed Silva chronicles his father's lifelong battle with alcoholism and the havoc it wreaked on his family. Silva and his mother had come north across the border to escape his father's violent, drunken rages. His father had followed and danced dangerously in and out of the family's life until he was arrested and deported back to Mexico, where he drank himself to death, one Carta Blanca at a time, at the age of forty-eight. Told with a wry cynicism, a profane, profound anger, an antic, brutally honest voice, and a hard-won classical frame of reference, Silva channels the heartbreak of mourning while wrestling with the resentment and frustration caused by addiction. The Death of My Father the Pope is a fluid and dynamic combination of memoir and an examination of the power of language—and the introduction of a unique and powerful literary voice.

After the death of his brilliant, eccentric father, Adam Dudding went in search of the stories and secrets of a man who had been a loving parent and husband, but was also a tormented, controlling and at times cruel man.Robin Dudding was the greatest New Zealand literary editor of his generation – friend and mentor of many of our best-known writers. At his peak he published the country's finest literary journal on the smell of an oily rag from a falling-down house overflowing with books, long-haired children and chickens – an island of nonconformity in the heart of 1970s Auckland suburbia. Yet when Robin's uncompromising integrity tipped into something much more self-destructive, a dark shadow fell over his career and personal life.In My Father's Island, Adam Dudding writes frankly about the rise and fall of an unconventional cultural figure. But this is also a moving, funny and deeply personal story of a family, of a marriage, of feuds and secret loves – and of a son's dawning understanding of his father.

A #1 New York Times bestselling author traces her father's life from turn-of-the-century Warsaw to New York City in an intimate memoir about family, memory, and the stories we tell. "An accomplished, clear-eyed, and affecting memoir about a man who is at once ordinary and extraordinary."—Forward Long before she was the acclaimed author of a groundbreaking book about women and men, praised by Oliver Sacks for having "a novelist's ear for the way people speak," Deborah Tannen was a girl who adored her father. Though he was often absent during her childhood, she was profoundly influenced by his gift for writing and storytelling. As she grew up and he grew older, she spent countless hours recording conversations with her father for the account of his life she had promised him she'd write. But when he hands Tannen journals he kept in his youth, and she discovers letters he saved from a woman he might have married instead of her mother, she is forced to rethink her assumptions about her father's life and her parents' marriage. In this memoir, Tannen embarks on the poignant, yet perilous, quest to piece together the puzzle of her father's life. Beginning with his astonishingly vivid memories of the Hasidic community in Warsaw, where he was born in 1908, she traces his journey: from arriving in New York City in 1920 to quitting high school at fourteen to support his mother and sister, through a vast array of jobs, including prison guard and gun-toting alcohol tax inspector, to eventually establishing the largest workers' compensation law practice in New York and running for Congress. As Tannen comes to better understand her father's—and her own—relationship to Judaism, she uncovers aspects of his life she would never have imagined. Finding My Father is a memoir of Eli Tannen's life and the ways in which it reflects the near century that he lived. Even more than that, it's an unflinching account of a daughter's struggle to see her father clearly, to know him more deeply, and to find a more truthful story about her family and herself.
