If your golf game has been plagued by inconsistency and less-than-peak performance, you may be going against your "natural swing". But you can improve your golf game dramatically and you can beat bad habits by drawing on talents you already possess. The Natural Golf Swing will: - introduce you to your natural balance and rhythm - let you play consistently to your potential - allow you to enjoy a repeating swing - help you increase power and control with every swing According to champion golfer George Knudson, your swing is governed by laws of nature, and is subject to logical, physical fundamentals that are all too often ignored. By learning the simple principles outlined in this book, you will generate more powerful, accurate swings, reduce your score, and gain control over your game. Take advantage of Knudson's more than 30 years experience on the pro circuit as he guides you step-by-step through the mechanics of the natural swing, from the important first step of maintaining proper balance through the backswing, down-swing, and finishing form. Extensive illustrations and drills help to clarify each step. Knudsen also shares his experience as a golfer on the tour, offering valuable insights into the roles that temperament and concentration play in winning.

No contemporary figure is more demonized than the Islamist foreign fighter who wages jihad around the world. Spreading violence, disregarding national borders, and rejecting secular norms, so-called jihadists seem opposed to universalism itself. In a radical departure from conventional wisdom on the topic, The Universal Enemy argues that transnational jihadists are engaged in their own form of universalism: these fighters struggle to realize an Islamist vision directed at all of humanity, transcending racial and cultural difference. Anthropologist and attorney Darryl Li reconceptualizes jihad as

armed transnational solidarity under conditions of American empire, revisiting a pivotal moment after the Cold War when ethnic cleansing in the Balkans dominated global headlines. Muslim volunteers came from distant lands to fight in Bosnia-Herzegovina alongside their co-religionists, offering themselves as an alternative to the US-led international community. Li highlights the parallels and overlaps between transnational jihads and other universalisms such as the War on Terror, United Nations peacekeeping, and socialist Non-Alignment. Developed from more than a decade of research with former fighters in a half-dozen countries, *The Universal Enemy* explores the relationship between jihad and American empire to shed critical light on both.

Turning a bowl may seem daunting, but woodworkers can create beautiful bowls with the expert advice and instructions in this book. Richard Raffan walks them through the process -- from wood selection and design advice to surface embellishment and finishing techniques. With step-by-step photos and detailed drawings.

Welcome to the nation of sheep It is a country both familiar and fantastical, where sheep can be political animals, but more often are fluffy, quirky and as cute as can be. Professional artist Conni Togel has become a shepherdess of sorts, painting her *Sheep Incognito* series has delighted audiences and art collectors around the world. Along with the paintings, Conni wool gathers, commenting on her work, her life and how she creates her flock of friends. *Sheep Incognito* is a moving account on the evolution of her sheep. It provides a glimpse into the artist's studio world and the sheep's rather peculiar minds, along with some never before seen drawings, sketches and more than 110 paintings of the *Sheep Incognito* series. A true treasure trove of *Sheep Incognito*.
