Legal and ethical issues are prevalent in the health care industry, and in particular for the nursing practice, where nurses have daily individual contact with patients. Ethical issues are wide-ranging, from organ donation, genetic engineering, assisted suicide, withholding treatment in end-of-life care, or simple procedures requiring consent.

Legal, Ethical and Professional Issues in Nursing
The Core of Legal and Ethical Issues While ethical issues are based on the difference between right and wrong, legal issues are based on laws. Many laws are created with ethical issues in mind in order to protect individual rights and freedoms. On the other hand, there are laws that can be used in unethical ways.
