The Counselor Review*The Counselor - A Screenplay* Cormac McCarthy, The Counsellor This is one of those movies (watched today, after reading said screenplay) where you definitely need the book/screenplay to maximize the message. 'The Counselor' is like a road-map through Hell, if Hell looked like Juarez, moved like Cameron Diaz, and smelled like Javier Bardem's hair gel. Here is my takeaway:

The script harkens back to the pre-Reformation morality plays as well. One of the interesting differences between The Counselor and No Country is that Moss loses his own life for his hubris as well as forfeiting his wife's life, while the counselor lives on to experience the horrendous cost of his hubris. In the Ridley Scott interview someone linked us to, he says that Fassbinder does a wonderful job of accessing the full horror of that tragic denouement.

'It's hard to think of a contemporary writer more worth reading' INDEPENDENT

The screenplay for McCarthy's classic film, bearing in full measure his gift—the ability to fit complex and universal emotions into ordinary lives and still preserve all of their power and significance In the spring of 1975 the film director Richard Pearce approached Cormac McCarthy with a screenplay idea. Though already a widely acclaimed novelist, the author of such modern classics as The Orchard Keeper and Child of God, McCarthy had never before written a screenplay. Using a few photographs in the footnotes to a 1928 biography of a famous pre-Civil War industrialist as inspiration, McCarthy and Pearce roamed the mill towns of the South researching their subject. A year later McCarthy finished The Gardener's Son, a taut, riveting drama of impotence, rage, and violence spanning two generations of mill owners and workers, fathers and sons, during the rise and fall of one of America's most bizarre utopian industrial experiments. Produced as a two-hour film and broadcast on PBS in 1976, The Gardener's Son received two Emmy Award nominations and was shown at the Berlin and Edinburgh Film Festivals. Set in Graniteville, South Carolina, The Gardener's Son is the tale of two families: the wealthy Greggs, who own and operate the local cotton mill, and the McEvoy, a family of mill workers beset by misfortune. The action opens as Robert McEvoy, a young mill worker, is having his leg amputated after an accident rumored to have been caused by James Gregg, the son of the mill's founder. Crippled and consumed by bitterness, McEvoy deserts both his job and his family. Returning two years later at the news of his mother's terminal illness, McEvoy arrives only to confront the grave diggers preparing her final resting place. His father, the mill's gardener, is now working on the factory line, the gardens forgotten. These proceedings stoke the slow-burning rage McEvoy carries within him, a fury that will ultimately consume both families.

Set in Louisville, Kentucky, in the 1970s, The Stonemason is a multi-generational drama about black men struggling to maintain their dignity. The drama evokes the subtleties of Grecian tragedy with the mastery of character, plot, and pathos that distinguishes the acclaimed fiction of this recent National Book Award winner.

From the bestselling, Pulitzer Prize-winning author of The Road—a startling encounter on a New York subway platform leads two strangers to a run-down tenement where a life or death decision must be made. In that small apartment, “Black” and “White,” as the two men are known, begin a conversation that leads each back through his own history, mining the origins of two fundamentally opposing world views. White is a professor whose seemingly enviable existence of relative ease has left him nonetheless in despair. Black, an ex-con and ex-addict, is the more hopeful of the men—though he is just as desperate to convince White of the power of faith as White is desperate to deny it. Their aim is no less than this: to discover the meaning of life. Deft, spare, and full of artful tension, The Sunset Limited is a beautifully crafted, consistently thought-provoking, and deceptively intimate work by one of the most insightful writers of our time.

25th ANNIVERSARY EDITION • An epic novel of the violence and depravity that attended America's westward expansion, Blood Meridian brilliantly subverts the conventions of the Western novel and the mythology of the Wild West—from the bestselling, Pulitzer Prize-winning author of The Road Based on historical events that took place on the Texas-Mexico border in the 1850s, it traces the fortunes of the Kid, a fourteen-year-old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving.

A “comprehensive and enlightening” study of Cormac McCarthy’s literary influences, based on newly acquired archival materials (Times Literary Supplement). Though Cormac McCarthy once told an interviewer for the New York Times Magazine that “books are made out of books,” he has been famously unwilling to discuss how his own writing draws on the works of other writers. Yet his novels and plays masterfully appropriate and allude to an extensive range of literary works, demonstrating that McCarthy is well aware of literary tradition, respectful of the canon, and deliberately situating himself in a knowing relationship to precursors. The Wittliff Collection at Texas State University acquired McCarthy’s literary archive in 2007. In Books Are Made Out of Books, Michael Lynn Crews thoroughly mines the archive to identify nearly 150 writers and thinkers that McCarthy himself references in early drafts, marginalia, notes, and correspondence. Crews organizes the references into chapters devoted to McCarthy’s published works, the unpublished screenplay Whales and Men, and McCarthy’s correspondence. For each work, Crews identifies the authors, artists, or other cultural figures that McCarthy references; gives the source of the reference in McCarthy’s papers; provides context for the reference as it appears in the archives; and explains the significance of the reference to the novel or play that McCarthy was working on. This groundbreaking exploration of McCarthy’s literary influences—impossible to undertake before the opening of the archive—vastly expands our understanding of how one of America’s foremost authors has engaged with the ideas, images, metaphors, and language of other thinkers and made them his own.

The conclusion of the Border trilogy describes the friendship of John Grady Cole and Billy Parham, two cowboys working on a New Mexico ranch in the 1950s

This blistering novel—from the bestselling, Pulitzer Prize-winning author of The Road—returns to the Texas-Mexico border, setting of the famed Border Trilogy. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. No Country for Old Men is a triumph.

In the 1930s, Billy and his family come to Hidalgo County, New Mexico, where he becomes obsessed with a wild wolf that lives a precarious existence threatened by the region's ranchers.
