Nothing will prepare you for a life of submission in the same way as your formal training. Submissive training isn't just a “ good idea ” when it comes to creating a BDSM relationship. It is essential.

"Submissive Training: 23 Things You Must Know About How To Be A Submissive" is designed to help you know what to expect when you go through training with a new Dom. Every couple is unique and every Dom may have different ways of teaching you the systems of service he prefers. However, these are the basics all trained subs and slaves learn and employ in daily life. Rushing into a relationship or service contract with a Dom without training puts the future of your time together at risk. All of the arguments, resistance, misunderstandings and hurt feelings that go with a new submissive's experiences can be eradicated by a period designated for learning, listening, trial and error. Even if you have been with a previous Dom you will need to go through an abbreviated training time to ensure your patterns and understandings match one another. Training is a way to “ get in the same rhythm ” and find the perfect groove. If you are a Dom, this guide is the perfect gift to give to your new sub. If you are a sub, this guide will teach you how to go through your submissive training. As you go through these things on the journey to become the woman you were made to be, you will be tested but you will also be proud, joyful and, perhaps for the first time in your life, you will be at peace.

Based on a Navy SEAL's inspiring graduation speech, this #1 New York Times bestseller of powerful life lessons "should be read by every leader in America" (Wall Street Journal). If you want to change the world, start off by making your bed. On May 17, 2014, Admiral William H. McRaven addressed the graduating class of the University of Texas at Austin on their Commencement day. Taking inspiration from the university's slogan, "What starts here changes the world," he shared the ten principles he learned during Navy Seal training that helped him overcome challenges not only in his training and long Naval career, but also throughout his life; and he explained how anyone can use these basic lessons to change themselves-and the world-for the better. Admiral McRaven's original speech went viral with over 10 million views. Building on the core tenets laid out in his speech, McRaven now recounts tales from his own life and from those of people he encountered during his military service who dealt with hardship and made tough decisions with determination, compassion, honor, and courage. Told with great humility and optimism, this timeless book provides simple wisdom, practical advice, and words of encouragement that will inspire readers to achieve more, even in life's darkest moments. "Powerful." --USA Today "Full of captivating personal anecdotes from inside the national security vault." --Washington Post "Superb, smart, and succinct." --Forbes

There are a number of reasons a woman may choose online submission. It's a good way to ease into the community by making friends and observing other people at a safe distance. Creating an online persona allows women to keep their real names and identifiers private. This not only helps maintain physical safety but also gives her the freedom to talk about sexual fantasies and naughty ideas without fearing judgment from other people or consequences on the job. Online submission also allows for a sexual experience rooted in the world of fantasy. A woman can take on any role or persona she wants, and perform acts she would not be willing or able to do in real life. She can express emotion, devotion and talk as dirty as she likes without feeling self-conscious or uncomfortable. While the scenarios sometimes described in online submission can be pure fantasy (seemingly endless sexual romps with multiple orgasms and no pain or soreness), the feelings of lust, love, loyalty, friendship, and arousal are all very real and can be a part of a vibrant sexual life. This Submissive Training guide will take you into the world of online submission, along with safety protocols and techniques for making the digital fantasy a physical reality. You will also learn how to make the transition from online submission to a real life meeting.

In this advanced guide for Doms, we're going to focus on becoming a "billionaire" type of Alpha Dom so that you can become more attractive to the subs you offer your services to. You are soon going to find out that money actually has nothing to do with the attraction the Dom builds with the sub. It's all in personality, in posturing and in a certain way of thinking. We're going to train you, Dom to Dom, how to activate that attraction and more importantly how to come across as a worldly-wise educator to a sub that needs someone strong, smart and creative in her life. By the time you finished this book you will be well on your way to become: - Alpha - Dominant - Valuable - Educated - Confident And the famous "billionaire" charm that will make you irresistible!
