“Resistance and change often begin in art. Very often in our art, the art of words.” —Ursula K. Le Guin  
When she began writing in the 1960s, Ursula K. Le Guin was as much of a literary outsider as one can be: a woman writing in a landscape dominated by men, a science fiction and fantasy author in an era that dismissed “genre” literature as unserious, and a westerner living far from fashionable East Coast publishing circles. The interviews collected here—spanning a remarkable forty years of productivity, and covering everything from her Berkeley childhood to Le Guin envisioning the end of capitalism—highlight that unique perspective, which conjured some of the most prescient and lasting books in modern literature.

Ansul was once a peaceful town filled with libraries, schools, and temples. But that was long ago, and the conquerors of this coastal city consider reading and writing to be acts punishable by death. And they believe the Oracle House, where the last few undestroyed books are hidden, is seething with demons. But to seventeen-year-old Memer, the house is the only place where she feels truly safe. Then an Uplands poet named Orrec and his wife, Gry, arrive, and everything in Memer's life begins to change. Will she and the people of Ansul at last be brave enough to rebel against their oppressors?

In “Freedom,” Le Guin notes: “Hard times are coming, when we’ll be wanting the voices of writers who can see alternatives to how we live now ... to other ways of being, and even imagine real grounds for hope. We’ll need writers who can remember freedom—poets, visionaries—realists of a larger reality.” Le Guin was one of those authors and in *Words Are My Matter* she gives us just that: a vision of a better reality, fueled by the power and might and hope of language and literature.
