The Great Heathen Army, also known as Great Danish Army or the Viking Great Army, was a coalition of Scandinavian warriors, mainly Danish but including warriors from Norway and Sweden, who invaded England in 865 AD. Since the late 8th century, the Vikings had engaged in raids on centres of wealth such as monasteries. The Great Heathen Army was much larger and aimed to occupy and conquer the four English kingdoms of East Anglia, Northumbria, Mercia and Wessex. The name Great Heathen Army is deriv

Great Heathen Army - Wikipedia

Ubba, a chieftain in his own right but here on his brothers command, notices the spirited girl and after his clairvoyant brother tells him their destinies are linked he keeps an eye on her. As the spoils are divided, Rosfrith is claimed by Ubba and is taken to their lands as a thrall (a slave).

Vikings Season 4 Finale Review & Discussion. Vikings ends season 4 with more bloodshed in the wake of tremendous change, as the Great Heathen Army finds itself confronted by someone new. Vikings season 4 will certainly go down as a season marked by tremendous change. Not only because it was comprised of a super-sized 20-episode run that stretched from 2016 to 2017, but also because, despite allusions to being an ensemble, it killed off the series' ostensible protagonist in Ragnar Lothbrok ...

Rosfrith's childhood changes forever after war-loving Vikings capture her home. Frightened by the axe-wielding barbarians, and torn from everything she knows and loves, she is forced to forget her privileged life.

"In the year 865 CE, a coalition of Viking forces combined to form an army aimed at the conquest and settlement of England. Known as The Great Heathen Army, these Vikings managed to capture most of the territory that today constitutes England, with the notable exception of the English kingdom of Wessex. And so, despite many successes, they failed to conquer all of English territory. Though these events, which transpired throughout the 860s and 870s, are well documented, the Viking perspective is rarely taken into account and there has yet to have been an argument that pinpoints how and why the Great Army was defeated. The purpose of this thesis will be to determine why the Great Army failed in their attempt to conquer all of the lands that belonged to the Anglo-Saxons"--Abstract, leaf ii.

Rosfrith's childhood changes forever after war-loving Vikings capture her home. Frightened by the axe-wielding barbarians, and torn from everything she knows and loves, she is forced to forget her privileged life. When she is abandoned by her parents and her life is threatened, is there anyone that she can trust to turn to for help? Ubba, who dutifully followed his brother to Brytannia to avenge his father's death is a strong warrior, hardened to life. He finds himself conflicted when Rosfrith awakens a protective streak he didn't know he had. And, when he finally notices that Rosfrith is no longer a child, other feelings stir. But, will he risk everything for a mere slave?

In the spring of 878 at the Battle of Edington the tide of English history turned. Alfred's decisive defeat of Guthrum the Dane freed much of the south and west of England from Danish control and brought to a halt Guthrum's assault on Alfred's Wessex. The battle was the culmination of a long period of preparation by Alfred in the wilderness - a victory snatched from the jaws of catastrophic defeat. As such, this momentous turning point around which an entire nation's future pivoted, has given rise to legends and misconceptions that persist to the present day. Paul Hill, in this stimulating and meticulously researched study, brings together the evidence of the medieval chronicles and the latest historical and archaeological research to follow the struggle as it swung across southern England in the ninth century. He dispels the myths that have grown up around this critical period in English history, and he looks at Alfred's war against the Vikings with modern eyes.

In *Viking Warriors*, the Norse invaders, as infamous for their brutality as their exploration, come to life. Students will read about raids, battles, and key fighters and leaders. Illustrations, engravings, and relics depict the Norse culture, marine and combat technology, and fighting styles that gave them the advantage in battle. Maps and diagrams demonstrate their ambitious expansion and conquest of cities and people throughout the Northern hemisphere. With their far-reaching longships and fierce tactics, the influence and violence of the Vikings spread from America to the Middle East, leaving behind traces of an iconic culture and combative strategy.

Viking Expansion where Ragnar Lothbrok, Rollo, Erik the Red, and many other famous Vikings take you on a ride into the very Halls of Valhalla. Very interesting and worth the read to anyone interested in the Vikings or Norse history. Explore knowledge and technology specific to a culture that was shaped by a people able to reach great distances beyond their homelands and seas. A battle ferocious people with shields, armor, and weaponry that was unmatched by their opponents. A whole new world of understanding about the ancient vikings has been opened up by new archaeological discoveries and studies. New findings that lead to new questions. Could some of the mythological tales about giants in the Norse Sagas have had some truth behind them? Researchers have found proof of giants and humans interacting together in our own DNA! There are also many shared technologies between the Ancient Norse, Asians, the Inuit and other North American aborigines. Viking explorers have long interacted and traded with many people and cultures afar. Were ancient Norse already in contact with early Native Americans? Were these the people they referred to as "Skraelings?" Were they Proto-Inuits known by the ancients as Thule People? See for yourself with new information about the Norse that was once lost in time.

The Vikings hold a particular place in the history of the West, both symbolically and in the significant impact they had on Northern Europe. Magnus Magnusson's indispensable study of this great period presents a rounded and fascinating picture of a people who, in modern eyes, would seem to embody striking contradictions. They were undoubtedly pillagers, raiders and terrifying warriors, but they were also great pioneers, artists and traders - a dynamic people, whose skill and daring in their exploration of the world has left an indelible impression a thousand years on.

The first installment of Bernard Cornwell's bestselling series chronicling the epic saga of the making of England, "like Game of Thrones, but real" (The Observer, London) is the basis for The Last Kingdom, the hit television series coming to Netflix in Fall 2016. This is the exciting yet little known story of the making of England in the 9th and 10th centuries, the years in which King Alfred the Great, his son and grandson defeated the Danish Vikings who had invaded and occupied three of England's four kingdoms. The story is seen through the eyes of Uhtred, a dispossessed nobleman, who is captured as a child by the Danes and then raised by them so that, by the time the Northmen begin their assault on Wessex (Alfred's kingdom and the last territory in English hands) Uhtred almost thinks of himself as a Dane. He certainly has no love for Alfred, whom he considers a pious weakling and no match for Viking savagery, yet when Alfred unexpectedly defeats the Danes and the Danes themselves turn on Uhtred, he is finally forced to choose sides. By now he is a young man, in love, trained to fight and ready to take his place in the dreaded shield wall. Above all, though, he wishes to recover his father's land, the enchanting fort of Bebbanburg by the wild northern sea. This thrilling adventure based on existing records of Bernard Cornwell's ancestors depicts a time when law and order were ripped violently apart by a pagan assault on Christian England, an assault that came very close to destroying England.

The Story of the Vikings during the early Nordic Stone Age time period. The first ancient Norsemen. A span of some thousands of years concisely covering the evolution the Stone Age Norse people. A whole new world of understanding about the ancient Vikings has been opened up by new archaeological discoveries and studies. This was the birth of

the Viking Battle Axe Culture, so well known during the Viking Age of Norse Expansionism. The evolving culture of the primitive Norse that eventually created their first Battle Axes made from stone and copper during the Nordic Stone Age time period. Easy to read and very interesting. Providing a quick and concise journey through major events of primitive Norse Stone Age history. Highlights of major aspects in primitive Norse knowledge and technology. Discussed are shared technologies between the Ancient Norse, Inuit (Eskimo), and other North American Aborigines that may have had made contact with The Stone Age Norse – lost in time.

Asser's Life of King Alfred, written in 893, is a revealing account of one of the greatest of medieval kings. Composed by a monk of St David's in Wales who became Bishop of Sherborne in Alfred's service and worked with him in his efforts to revive religion and learning in his kingdom, this life is among the earliest surviving royal biographies. It is an admiring account of King Alfred's life, written in absorbing detail - chronicling his battles against Viking invaders and his struggle to increase the strength and knowledge of his people, and to unite his people at a time of conflict, uncertainty and war.
